Strait Talk

News & Updates from the Straits of Mare Island at the Vallejo Marina

November 2025

Note from the Office...

Dear Friends of the Vallejo Marina,

This newsletter, we have an exciting announcement from the Vallejo Municipal Marina. We welcome aboard our newest member of the team, Tracy Summers!

My name is Tracy Summers, and I'm excited to introduce myself as the General Manager of the Vallejo Marina. I bring more than eight years of experience as the Marina Business Manager at the San Francisco Marina Small Craft Harbor, where I had the opportunity to help organize major events such as the Rolex Big Boat Series and Sail Gran Prix, and to contribute to large-scale projects like seawall rehabilitation and dredging improvements.

As a lifelong boater, I have a deep appreciation for the waterfront community and truly understand the value of providing exceptional service and open communication to the slip holders. I believe the success of any marina begins with the people who call it home, and I'm committed to making slip holder satisfaction and engagement a top priority here at Vallejo Marina.

Since joining the team, I've really enjoyed meeting many of you and getting to know the community that makes this marina so special. I look forward to meeting more of you out on the docks and working together to continue the growth and success of Vallejo Marina.

I'm always available to discuss any questions, issues, or concerns you may have, and I welcome your feedback and ideas as we continue improving the marina experience for everyone.

We appreciate your cooperation in getting the docks cleaned last month. As we transition into colder weather, please take the time to get your vessel ready too!

Lots of events are happening all month long, so be sure to check them out! For the art-lovers, Vallejo Open Studios is hosting a free self-guided tour of artist studios and galleries next weekend. Every Saturday this November, Moschetti Coffee is offering a free Community Coffee Tasting with live music. Finish off the month at Vino Godfather for an afternoon of timeless classics with Soul'd Out Band!

Sincerely,
Staff at Vallejo Marina

Registration Insurance Requirements

On July 1st the City Council voted to administer a penalty fee for lack of current registration and sufficient or current insurance. **The foe is set at $50/month.**

Since the City Council voted to increase the liability limits, staff have been working hard to communicate the need for proper insurance documentation. Still, we have a large percentage of folks who have failed to provide or continue to be late filing their insurance with the office. We now feel as there should be no misunderstanding of the importance the City places on this documentation

A fee will be placed on each account every month until the insurance and registration requirement is satisfied.

This is a requirement and is not optional. We are taking this very seriously and need your help to ensure everyone is compliant.

We are also requiring that the language is accurate on all certificates of insurance. We will not accept any insurance which does not list the marina accurately.

Please make certain that both your registration and insurance is current and that your insurance lists the Marina as additionally insured with the specific wording below:

City of Vallejo Municipal Marina
Its Employees and Agents
42 Harbor Way
Vallejo, CA 94590
